3. Upon entering Kolarovgrad (formerly Shumen) from the north from the Turgovishte road, there is a plateau which overlooks the city. On this plateau, a field for horse-shows is located. This is undoubtedly for the use of the Cavalry Regiment, which is quartered nearby.
4. At the rear of this area, a building is under construction which appears to be a small airplane hangar. A biplane appeared to be parked nearby. Informant was unable to confirm this due to poor visibility.
